Subject: Public Access To Electronic Records

To Whom it May Concern:

I find it a violation of my rights that you can hide any government records from public access. YOU work for US and WE pay your salary so we have the right to see what you are doing - be it legal or illegal. I am growing tired along with probably a good majority of people in this state of the people how are dumping money into politicians back pockets and the rest of us have to suffer.

Block access to these files and All of you will lose your jobs. Gerrymandered or not we can remove all of you.

Thank you and have a nice day!
