I believe all Wisconsin elected officials, employees of the State and paid state board members are employees of the citizens of the State of Wisconsin. As your employer I believe **all** records both paper and electronic generated when doing or discussing **any** business related to the State of Wisconsin must be maintained and made available to the public or the press in a timely and complete manner. Any impediment to keeping or releasing records should be considered a violation of the trust of the citizens of the State of Wisconsin.
