Subject: Public Employee Electronic Records Policy

Dear Public Records Board,

Please do not limit open records by limiting access to text messages, social media posts, and any other electronic communications by public employees.

Public employees work for the citizens of the state, and we deserve to have open access to their records and deliberations about the laws that affect our lives.

Remember all policies passed by this administration will affect all future administrations and politicians- no matter what party they represent.

Thank you for your actions in keeping all public employee communication records open to the public citizens.

Sincerely,

Page Remmers

Waukesha, WI
