Subject: Public Records Access

We feel that the action to limit access to text messages, emails, Facebook posts and other electronic communications by public employees needs to be rescinded.

No government records should be secret. These records are paid for by the taxpayers of the state of Wisconsin and should be accessible to all citizens of the state at all times. Secrecy has no place in government.

Previous administrations did not have a problem with the laws. This administration should be held to the same standard.

Dale and Patricia Ellifson
