Subject: Public Records Access

To Whom It May Concern:

I am writing in support of public records access. Open records are a necessity in a democracy. The public has a right to know. Government has a responsibility to be transparent. You must vote to rescind your action limiting access to text messages, emails, Facebook posts and other electronic communication by public employees. You must not participate in the efforts by some politicians to prevent the citizens from knowing what is going on. It is time to stand up for the citizens of Wisconsin.
