Subject: Public Records Board Decision

The purpose of my e-mail is to ask that the board rescind its decision to limit public access to electronic communications by public employees. This includes but is not limited to texts, emails and Facebook posts.

While intent may be innocent, the fact that these communications may be hidden from public view only begs the question. What is the board attempting to hide? We taxpayers have the right to know what our public employees are thinking and doing. Transparency is the golden standard by which those in power should be evaluated.

Please stop the secrecy! It only serves to make our imaginations run wild, wondering what is going on behind our backs. It can't be good, or it wouldn't be secret.

Please undo the damage and negative publicity this decision has brought to light.
