Subject: Public Records Board comment

Dear Members of the Public Records Board

Electronic records belong to Wisconsin citizens. The Public Records Board needs to rescind its action to limit access to text messages, emails, Facebook posts and other electronic communications by public employees. Leave our open records law alone. The Board has a responsibility to keep public records public and to stop giving politicians excuses they can hide behind. Citizens have an interest in those communications and a right to see them.

Sincerely,

Carole Poth
