To whom it may concern,

I am a 23 year old living in the state's largest city and hoping to stay in Wisconsin and help end the brain drain currently happening due to regressive policies implemented by the current governor and his administration. I urge you to rescind your action to limit access to text messages, emails, Facebook posts and other electronic communications by public employees.

If government officials want continue to degrade Wisconsinites' quality of life, at least don't let them hide from it.

Sincerely,  
Aaron Westling
