**Subject:** Public Records Transparency

Thank you for the opportunity to comment on the upcoming proposal to limit access to public records. We are in favor of making public records available to the public. We do not want to see the language changed limiting access to electronic information. We have confidence that you will do the right thing and restore the language that would have limited our ability to know what our elected representatives are deciding. We can be reached at the contact information listed below.

Sincerely,
