Dear Board Members:

We find it ludicrous that we even have to say this, but public records--all public records, including electronic communications --belong to the public. You need to immediately rescind your actions to limit public access to electronic records, texts, social media, etc. generated by public employees. We are your employers. We pay you. There was once a time, before this State became a wholly owned subsidiary of Koch industries, when you even worked for us (the citizens of Wisconsin).

We will do everything in our power to remove you all in the event this Orwellian secrecy is allowed to stand.
