**Subject:** Public Records

I am writing to you as a concerned citizen of the state of Wisconsin. Public records (electronic records included) need to be available to anyone interested in their content. If legislators wish to keep them secretive then I can only conclude that they have something to hide and are not worthy of holding a public office. Please rescind the action to limit the access to public records. If a lawmaker is honest and sincere, keeping public records open should be a priority.
