Subject: Public access hearings

Please rescind your action to limit access to text messages, emails, Facebook posts and other electronic communications by public employees. Complete openness to all public records is precisely what protects us from government overreach or worse. And, because corporate money now plays such a big part in government, complete openness is essential. And, the fact that you action was taken in secret does not give it great credibility. I urge you to reconsider.

Thank you,
Gwynne K. Schultz
