Subject: Public records and the proud tradition of the State of Wisconsin

Would you please stop destroying the heritage of our State with your systematic dismantling of all that we had to be proud of at the behest of myopic ideologues who would like to exercise unrestrained power to achieve their political vision. See also, tyranny, fascism and despotism.

And now you apparently want to do it in secret!

Haven't you already caused enough irreparable harm to our State?

You can stop it if you have the courage to say no to the Party bosses and do what is right for ALL OF US.
