Dear sirs,

Since so much of today's important business is conducted electronically in texts, emails, etc. I truly believe that they should remain as accessible public records to the fullest extent. Please do not cut the Wisconsin citizens off from knowledge that is useful to them in understanding how government, school boards, etc. are discussing business, negotiating contracts and conducting important business of which we should be aware.

Thank you,
Sincerely,
Bonnie Jaskolka
Waukesha, Wisconsin
