Subject: Redefinition of "Transitory Records"

Members of the Public Records Board: I am writing to register my concerns about your recent redefinition of transitory records. I believe this action taken by the Board will weaken the public's ability to participate in and oversee actions taken at all levels of government in Wisconsin. These are vital duties for citizens in a democracy. I fear that records of interest have already been purposely destroyed based upon your earlier action. I hope you will reconsider and rescind your redefinition at the earliest possible date, before more harm is done!
