Subject: Rescind Action to limit access to text messages, emails, Facebook posts and other electronic communications by Public Employees

Your decision last summer to limit access to public records needs to be rescinded - your action that limits access to text messages, emails, Facebook posts and other electronic communications by public employees.

A **Public** employee does not have the right to conduct the business for the citizens of Wisconsin in private. Citizens of Wisconsin have a right to see all communications of government employees conducting the public's business and spending taxpayer dollars.

Let's return to Open Government in Wisconsin.

Your secretive decision last summer to limit access to public records needs to be rescinded.
