Subject: Rescind Actions!!!!

To Whom it may Concern,

Public records are for the public and not meant to be hidden from the people who have elected you to represent them!

We have a right to see all records, not just the ones you think we need to see! (including this one!)
You need to rescind this action without any hesitation to keep our faith in our public servants intact.
ALL of your constituents have a right to see these records you are attempting to hide.

Sincerely,

Ann Charlier
