**Subject:** Rescind Board Action On Limiting Public Access to Public Records

I am very disappointed in the Boards previous actions to limit the citizens access to any and all records created by public employees.

Because of the significance of such a action, I can only conclude that such a decision by the Board was made after discussing the matter with the Governor's Office.

I am writing to express my opinion that the Board needs to rescind its action to limit access to text messages, email, Facebook posts and other electronic communications by public employees.
