Subject: Rescind action regarding public access

I am writing to insist that the board should RESCIND the action to limit in any way the ability of the public to access records and communications made by government employees.

Do not limit our access to information that should always be available to the public and the press.

Your actions with regard to what I believe is an inalienable right of citizens will have an impact on decisions made by voters in upcoming elections.

I would appreciate your serious consideration of my strong objections to the proposal to limit, in any way, public access to records and communications made by government.
