Subject: Rescind action that limits access to electronic records

Dear Public Records Board,

As an engaged citizen and voter, I am alarmed about and **in disagreement with** your recent change in the definition of "transitory" records.

Access to electronic records is essential for open government.

Therefor, I request that you, Board members in service to the people of Wisconsin, rescind your action that limits public access to text messages, Facebook posts, and other electronic records made by public employees.

Thank you
