Subject: Rescind transitory records ruling

This email is to urge you, the Public Records Board of the state of Wisconsin, to rescind your action of last summer that limited public access to electronic communications by public employees. Wisconsin has long been a progressive state, leading the nation toward better democracy. To put a veil between public servants and their constituents flies in the face of this tradition. Provisions have always been in place to provide for sensitive or delicate communications. Your actions opened the door to abuse by unscrupulous politicians. Thank you for your consideration.
