Subject: Secrecy is Not democratic!

To the Wisconsin PUBLIC Records Board:

You are charged with the essential task of safeguarding the Public's right to know what its elected officials are doing as they conduct our business and make decisions in our behalf. You have the sacred responsibility of keeping Public records Public. The state's Open Records law must Not be tampered with!

I implore you to rescind your misguided action that unjustly limits the Public's access to text messages, emails, FB posts and other electronic communications by Public Employees.
