Shame on Governor Walker, Sen. Fitzgerald, and Rep. Vos for not respecting the Wisconsin voters, and scheming to make electronic communications not part of the documentation that is open to inspection by taxpayers, media, and others.

You know what the spirit of the open records laws are, and it serves no Democratic or Republican objective to circumvent them.

If texts, emails, and e-documents are defined as not being "records", then the whole open records concept is open to question. ALL documentation regarding any legislation needs to be retained and be made available to the public for inspection.

STOP THE SECRETIVE GAME PLAYING!!!
