Subject: Secrets

Your recent secret actions to limit public access to what are blatantly open records are frightening. The current state administration manipulates policies with your legislative assistance to bypass prudent policy decisions.

As a **taxpaying citizen of Wisconsin**, I am very concerned with the way my taxes are spent – and how those decisions are recorded. Pouring good money after bad makes me question – why? Can a re-election campaign be in the offing? Does Mr. Walker need money? Who is paying the \$2 Million dollar debt of his failed presidential bid? Interesting questions – I'll watch carefully for the answers.

In the meantime, I want the public records to remain public. No secret deals.

Sincerely,
Helen Ferderbar
