Subject: Stop the secrecy!

Once again you seek to limit the rights of the public--the voters, the people who PAY YOUR WAGES--by limiting access to public records. Must I remind you that this is the United States of America and not some totalitarian regime that we are living in? If you like secrecy so much, please leave this country and go somewhere where your rights can be suppressed.....but back off of my rights to freely access public records.

Just so you know, I vote. And I promise you will never receive my vote if you support this heinous attempt to shield the actions of government employees.

Shame on you. I'm embarrassed that you have public service positions when there are talented and honest people that need work.

One of your disgusted employers,
