Subject: The Public has a Right to Know

Dear Members of Public Records Board,

I am writing to you as a concerned citizen of this state who is asking that you reverse your action to limit access to text messages, emails, Facebook posts and other electronic communications by public employees.

Given that Republican legislators are set to destroy Wisconsin's 110-year old civil service system I can only imagine the fallout: a Walker donor will text the DOA secretary and demand a job for his son, who couldn't pass the civil service exam to save his life. The public will be none the wiser, although this new hire with no experience will draw a 6-figure salary.

I was shocked that the former DOA Secretary instructed staff to avoid all written communication if they had any important state business; two other Walker appointees have come forward and said the same. **WHO IS PAYING THEIR SALARIES AS THEY CONDUCT THIS OFFICIAL STATE BUSINESS??**

I ask that you live up to your name and keep public records in the hands and under the watchful eye of the people.
