To the Public Records Board:

I am deeply concerned that our governing body of Wisconsin would move to limit the public access to all electronic records.

"The liberties of people never were, nor ever will be, secure when the transactions of their rulers may be concealed from them." —Patrick Henry

If you are operating under ethical standards and for the good of the people of Wisconsin, I see no reason why you would be concerned that your communications should not be public.

Please renew my trust in the leaders I have elected and rescind this action made in secret.
