Subject: Transitory Records

I am vehemently opposed to another New Law by the powers that be. Transitory records, which pertains to our elected officials and public business, must remain as public records for those who are representing the public. After all, those sitting in those positions are there because of the voters. We should know what you are doing as an elected representative...these transitory records must be kept as public records. Shame on those legislators who are trying another 'slight of hand!'
