**Subject:** Transitory Records

I am writing to express my concern about allowing texts and other electronic communication between public officials to be considered "transitory". I believe that all communication between public officials should be subject to being available through open records requests under the same guidelines as any other type of communication. I believe it is too easy to abuse this process if these are not subject to appropriate scrutiny by the public and the press. Please make sure that these types of communications remain open to review.

Sincerely,

Carol Ann Fox
