If the elected officials in the state of Wisconsin want to make decisions in secret, then they should resign and join private companies. The people of Wisconsin don't serve the elected officials, they serve us. ALL of their correspondence and communications should be available to the people who elected them. Your job is to make sure the records are available, not try to hide their actions.

I will do whatever I can to help defeat any politicians who support reducing the open records available to the citizens of Wisconsin.

Sincerely,

Daniel Flaten
