Subject: Transitory records redefined.

Dear Public Records Board,

I'm respectfully requesting your board to RESCIND all actions taken to limit public access to text messages, emails, Facebook posts and other electronic communications by public employees. The consequences of carrying out this action of redefining "transitory records" will be felt at the polls when new employees of the public WILL be elected.

Enough is enough, don't you think it's about time our elected officials start working for the people who elected them? Apparently keeping things secret makes it easier for you to carry out the wishes for those that finance your election.

Respectfully,

Ken Koxlien
