Subject: Transparent Open Government

Please know that we consider it essential to good government for all types of records be open to public scrutiny whether that be written, or electronic. We expect our elected officials to do the state's business in an open and transparent fashion. If our government officials do not want to do so, they do not belong in public service. Attempting to conceal daily interactions, conversations, and other such communications opens the government to fraud. Thank you, Phil and Roseann McKean, Jackson, Wisconsin
