Subject: What does the word "Public" really mean?

The following is Webster's dictionary for the word "public" - ,
"public is an adjective that means common or shared; of a community. Connected with or acting on behalf of the people, community, or government rather than private matters or interests. Open to the knowledge or judgement of all."

You are not doing your job! You are not a PUBLIC RECORDS BOARD. You have become the opposite. You have gone so far as to change laws, limiting public access as to what you, as a board, are doing. You are secretly writing and revising laws. If you are making honorable decisions, there is no reason to be secretive. Do your job! Revise the boards August decision changing the definition of 'transitory recods'! Do not use your position to curb public access to government! PUBLIC MEANS PUBLIC!!
