To all members of the Wisconsin Public Records Board,

I am writing to say that all citizens of Wisconsin have a legal right to access public records. It is criminal how the state legislature is trying to take this right away from the public in Wisconsin. Those of you who are in favor of passing this corrupt piece of legislation should be ashamed of yourselves. If you try to curb our access to any of the public records in our state, you will not be reelected to serve the people of Wisconsin because we will not trust you. Denying the citizens of Wisconsin access to public records is corrupt and there is enough corruption in politics. Stand up for what is right and fair and just!
