am writing to express my disgust with regard to your proposed legislation curbing access to what should, by all accounts, be public access to emails, text messages, Facebook posts, and any other electronic communications by public employees.

This egregious proposed legislation is the result of foul play perpetrated by the WI GOP in the first place. This is no way to run a democracy, and if this very poor bill passes, I will do everything in my power to refresh every person that I know before the next election, of this poor, poor, legislation.

This bill does not benefit either working class Republicans or Democrats. It is a measure solely intended to conceal information from your electorate and open the doors even more widely to corruption, bribery, illegal lobbying, and deceit.

I strenuously object to this very poor III-conceived bill.
