Dear Board Members,
Public records belong to the public. Public records include all forms of communication, including and especially modern forms of communication such as emails and texts. When you are long removed from the board, you too will want to know the process and thinking of your legislators and the public records. You are our representatives; we should know these important aspects of events that influence our lives. So, do the right thing. Not just for you, but for years and decades and history to come.
Keep all public records public.
