**To:** DOA Public Records Board Comments  
**Subject:** "transitory" records

In the future many of our communications will be what is being called "transitory", but that does not mean their value will be merely temporary. These records, as all records concerning public and government business, must be open to public disclosure. Please consider this issue carefully, thoughtfully, and with concern toward the future of the citizens and government of our state.

Thank you,

Christine Johnson
