**Subject:** access to public records

There should not be limited access to public records. They are just that, public records. We the people, have the right to know, who and what, they may be up to. Seeing how, they work for us. Trying to limit access, just leads to suspicion. Not what one wants from elected officials or anyone, who works for the public. Thank goodness for journalist and watchdogs, for looking out for and keeping us informed. Remember that we vote!
