To the Public Records Board,
Our democracy demands open and transparent actions by all elected and government employees. Any attempt to limit access to the reasoning and process that leads to decisions affecting our State is an attack on our democracy.

You need to rescind your action to limit public access to emails, text messages, Facebook posts and any other electronic communications.

Your action is already being used to subvert our democracy but you still can stop it.

Please rescind it.

Carl, I hope you did not vote in favor of this action!
