Public Records Board,

Rescind your action to limit access to text messages, emails, Facebook posts and other electronic communications by public employees. There will be consequences in this election year for those who try to curb access to government. It is your responsibility to keep public records public. Stop working behind the scenes to give politicians excuses that they can hide behind. Walker and the legislature are obviously changing the laws so we the public have no access to public records. You must not let that happen.
