Subject: keep records public

Please reconsider and do not allow legislators to limit my access to information. I do not approve of the recent attempt to screen from my view the work of MY employees, the public servants of Wisconsin.

I do not want to have my access to electronic records limited in this way. It will allow work to be done in secret, away from public scrutiny, and bodes poorly for our people.

Open records. Better access. Can it be cumbersome sometimes? Yes, but that is the price we must pay for good accountability.
