Subject: limiting access to electronic communications

It is dismaying to have to write to remind this Board that public records belong to the public, and to strongly urge you to rescind the decision made some months ago to limit access to text messages, emails, and other electronic communications. The secretive and stealthy manner in which you acted only adds to the egregious assault on the public's right to know. This action was a travesty, and it must be rescinded. PUBLIC RECORDS BELONG TO THE PUBLIC.
