Subject: limiting access to public records

Please rescind your action to limit access to text messages, e-mails, Facebook posts, and electronic messages. We should be encouraging access to government decision making, not trying to pass legislation or changing rules so that state officials are not held accountable or given credit for their ideas. Please do NOT change or revise policies that hide or encourage officials to hide what they are doing!!! If you're not proud of what you're doing and are not willing to be associated with actions- then DON'T do them!!

Sincerely,
Lynn Crosby
