Subject: open records law

Dear Members of the Public Records Board,

I expressed my concerns to state legislators during this past summer about not making changes to the open records law. The overwhelming number of citizens of this state who also expressed their opposition to this idea left no doubt in my mind to keep it as is. I am irritated that this issue is continuing to be discussed. Leave it alone, it is not broken and does not need to be fixed or clarified. I want and deserve to know what is happening as far as all public records are concerned. This transparency is essential for citizens living in a democratic society.

Sincerely,
John McGowan
