Subject: open records law
Importance: High

I am writing to let the Board know that eroding the Open Records Law is bad for Wisconsin, bad for government, and bad for Wisconsin's citizens. We need written records/access to meetings to know what is happening in our state. The Board must rescind its action to limit access to text messages, emails, Facebook posts and other electronic communications by public employees. If the Board approves these attacks on open records, I will vote against those legislators, time after time. This is a serious matter and MUST be addressed. Paula Friedman, Fox Point, Wisconsin 53217
