Leave the open records alone. You republicans need to be accountable for your actions. You are cowards trying to hide what you are doing. If it is to benefit the public why are you trying to hide records, e-mails and texts from the public. The public pays your wages and should know where are tax dollars are being spend on.

You are destroying this state. You need to put your focus on employment, not unemployment. Don't try to fix something that is not broken.
