Subject: open records

To Whom it May Concern:

The fascist government of scott walker and his henchmen and women must stop the atrocities that are being one by one carried out with impunity on the people of Wisconsin. This once wonderful state is now in the company of other pits of states like Mississippi. To not have open records puts us right smack dab in all the horrors I ever heard about communist countries. What is wrong with this picture? I can't wait to vote.

Sincerely, Rosanne Weber
