Subject: please rescind action to limit access to electronic communication

Dear Public Records Board,

I have not written to a legislator for a long time. I am moved to do now to ask that you rescind your action to limit access to the electronic communications of public employees. I served on a school board—so I have some very limited awareness of the constraints around access to records. Even so, every time we had to consider records and access to information, we had to engage the moral question of whose information is this—and we must be continually reminded government is a form of service that is held in trust as a stewardship for the people. Wisconsin does not belong to the American Legislative Exchange Council; it belongs to the people.

Thank you for your consideration.

Sincerely,

Dan Schwerin
