**To:** DOA Public Records Board Comments  
**Subject:** public records change

Board Members:

I am not at all in favor of this board limiting access to public business taking place by any means, whether electronic or hard copy. No business done by government employees should be considered as transitory. Citizens should have access to any and all communications done as part of government business. I am tired of public employees trying to do public business in private. Please work to keep open records open no matter what means of communications are used.
