Subject: rescind action limiting public access to electronic communications by public employees

Dear Committee

I am appalled by the continuing attempts by the Walker administration to hide from the public any communications by public employees/legislators. Your action in declaring certain electronic messages not worthy of retention for public scrutiny appears to be part of that same pattern. I urge you to rescind that action, and to allow "sunshine, the best disinfectant" back into Wisconsin political /public employee communications.

Thank you
Frances Martin
